MY WORK

Frontend

https://www.appsterhq.com	https://prod.savvyapp.com.au/adviser
http://tresure.com.au/	https://app.six8.com.au/
http://bontatank.com.au/	https://artist.streamhear.com/

My role is to:

Analyse projects UI and cross browser requirements.

Implement UI in HTML from design files and suggest a solution if there is any flaw in UI.

Implement jquery plugins.

Code with CSS-Preprocessor like SCSS to make code more organised.

Provide support to backend developers if they find any issue implimenting the UI.

Collaborate with graphic designers.

Keep source code on bitbucket.

Follow agile development.

Review client feedbacks on basecamp and JIRA.

Attend daily scrum meeting.
